

Adamson House

Pochins | *Salford*

Overlooking the Manchester Ship Canal on Centenary Way in Trafford Park, this purpose built office building was constructed back in 2010 for the Morson Group, housing more than 300 employees.

The scheme had to be tailor-made to meet the client's specific requirements and TBS Fabrications were on hand to provide the perfect solution for the design, manufacture and installation of the new buildings staff and executive washrooms.

TBS Fabrications Martens Road, Northbank Industrial Park, Irlam, Manchester M44 5AX

The Perfect Solution

To the staff areas, TBS best-selling Genesis range was selected for the wc cubicles, providing a stylish yet durable washroom, which 6 years on still looks as good as the day it was installed.

The installation of Slimline washroom cubicles with graphite and white solid grade laminate doors and divisions, proved the ideal choice to create prestigious washroom facilities with a contemporary colour scheme for the company executives.

TBS' Slimline range of washroom cubicles features discreet aluminium pilasters and headrail which results in an overall appearance of architectural simplicity; perfect for specifiers looking for a visually minimal cubicle façade.

To both areas, TBS Zenith solid grade laminate duct panels in matching decors, complete with metal frames were installed, to conceal cisterns and pipework.

To complete the installation, to the staff areas, solid grade laminate vanity tops on brackets were installed complete with underslung basins and chrome traps. To the executive areas Hanex solid surface vanity tops, again with underslung basins were specified to complete the washrooms to a high standard, solid surface vanity tops create a luxury feel which is hygienic and easy to maintain, ideal for office environments.

Ged Mason OBE and CEO of Morson Group commented "TBS initial coordination and planning ensured everything on our project was completed and installed on time in a professional manner utilising a range of their high quality washroom systems. Morson Group would have no hesitation in recommending TBS or using their services again in the future"
