

# The Baths Hall

Clugston Construction | *Scunthorpe*

**Constructed by Clugston Construction Ltd, The Baths Hall in Scunthorpe is a 2,000 capacity entertainment venue complete with auditorium, bars, café and conference facilities. The brief of the project was to deliver a contemporary washroom facility in keeping with the overall feel of the building.**

TBS Fabrications transformed the wc areas with their innovative Dual range of cubicles, ensuring a striking yet durable washroom design for this state of the art entertainment venue.

# Delivering a contemporary washroom facility in keeping with the overall feel of the building

All cubicles, ducting panels, vanity units were manufactured using 13mm thick solid grade laminate panels to provide maximum levels of resistance to wear and tear, ideal for public environments such as arenas, stadiums and leisure facilities.

To enhance the feel of the washroom areas, a stunning walnut and cream colour scheme was used, utilising Formica Washroom decors from the Formica Washroom Collection.
